RACHEL'S PARTY

Comedy

Writers

Davie Fairbanks, Marc Small

Producers:

Ant Allin, Sarah Smith

Production Co:

TimeWorks Films

Rachel's party is an imaginative, heart-warming bromantic comedy that will make you laugh and make you cry...with laughter.

Davie is a helpless romantic, infatuated with winning back his ex-girlfriend Rachel. As a quixotic gesture, he hatches a plan to write a romantic script reflecting the movie-type love he believed they shared together, in the hope it will win her back. Guided by his misguided best friend Marc, an unapologetic, womanising party veteran, who lives off the royalties of a one-hit-wonder and has absolutely no interest of helping to see his best friend reunited with Rachel. Marc coaxes Davie to a house party where he meets and befriends Abi, the parties' host. Through Abi, Davie discovers a friend he actually has something in common with, comics and Captain Kirk. His blossoming friendship with Abi inspires his storytelling in his script for Rachel. In a chance meeting, Davie bumps into Rachel, only to find out that she's been offered a new job in Australia and she's leaving at the end of the month. She says she's having a going away party and she'd love him to be there. Infatuation turns to obsession as Davie attempts to finish the script before Rachel's leaves. Shutting out his oldest and best friend Marc and his new muse Abi, Davie lets his world unravel around him. Will Davie manage to complete the script in time for Rachel's Party? Or will he realise that love has really been staring him in the face all along?

LUCID

Psychological Thriller

Hell hath no fury as a woman scorned...

Kidnapped, drugged, tortured and raped. One man becomes the subject of a woman's revenge in an attempt to share the mindset of his victims.

Told in a "Christopher Nolan, Memento" style of story telling where rape is used as a psychological weapon. We follow Lauren and her two closest friends Harriett and Felicity through a non-linear story as we try to piece together the motive behind the kidnapping, torture and serious sexual assault of a fellow university student Marcus.

"LUCID" is an original and twisted tale of revenge.
